RESOLUTION NO. 19-282

**BOARD OF COUNTY COMMISSIONERS
COUNTY OF EL PASO, STATE OF COLORADO**

**RESOLUTION TO APPROVE THE SERVICE PLAN FOR SADDLEHORN RANCH
METROPOLITAN DISTRICTS NOS. 1-3 (ID-19-004)**

WHEREAS, ROI Properties, LLC, did file an application with the Planning and Community Development Department of El Paso County, pursuant to Section 32-1-204 (2), C.R.S., for the review of a draft service plan for Saddlehorn Ranch, Metropolitan District Nos. 1-3; and

WHEREAS, a public hearing was held by the El Paso County Planning Commission on July 2, 2019 upon which date the Planning Commission did by formal resolution recommend approval of the subject Service Plan with conditions and a notation(s); and

WHEREAS, on July 23, 2019, the Board ordered a public hearing to be held on the Service Plan; and

WHEREAS, notice of the hearing before the Board was duly published on July 3, 2019 as required by law; and

WHEREAS, notice of the hearing before the Board was duly mailed by first class mail, to interested persons, defined as: The owners of record of all property within the proposed Title 32 district as such owners of record are listed in the proposed service plan; and the governing body of any municipality or special district which has levied an ad valorem tax within the next preceding tax year, and which has boundaries within a radius of three (3) miles of the proposed district's boundaries; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, the Board held a public hearing on the Service Plan for the District on July 23, 2019.; and

WHEREAS, based on the evidence, testimony, exhibits, consideration of the master plan for the unincorporated area of the County, study of the proposed service plan for Saddlehorn Ranch Metropolitan Districts Nos. 1-3, presentation and comments of the El Paso County Planning and Community Development Department and other County representatives, comments of public officials and agencies, and comments from all interested persons, and comments by the El Paso County Planning Commission during the hearing, this Board finds as follows:

1. That the application for the draft service plan for the Special District was properly submitted for consideration by the Planning Commission and Board of County Commissioners.
2. That proper publication and public notice were provided as required by law for the hearings before the Planning Commission and the Board of County Commissioners of El Paso County.
3. That the hearings before the Planning Commission and the Board of County Commissioners of El Paso County were extensive and complete, that all pertinent facts, matters and issues were submitted and that all interested persons were heard at those hearings.
4. That all exhibits were received into evidence.
5. There is sufficient existing and projected need for organized service in the area to be served by the proposed Special District.
6. Existing service in the area to be served by the proposed Special District is inadequate for present and projected needs.
7. The proposed Special District is capable of providing economical and sufficient service to the area within the proposed boundaries.
8. The area to be included in the proposed Special District has or will have the financial ability to discharge the proposed indebtedness on a reasonable basis.
9. Adequate service is not or will not be available to the area through the County, other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis.
10. The facility and service standards of the proposed Special District are compatible with the facility and service standards of each county within which the proposed Special District is to be located and each municipality which is an interested party.
11. The proposal is in substantial compliance with a Master Plan adopted pursuant to C.R.S. §30-28-106.
12. The proposal is in compliance with any duly adopted county, regional or state long-range water quality management plan for the area.
13. The creation of the proposed Special District will be in the best interests of the area proposed to be served.

NOW, THEREFORE, BE IT RESOLVED the El Paso County Board of County Commissioners, Colorado, hereby determines that the requirements of Sections 32-1-207, C.R.S., relating to the modification of a service plan for the Saddlehorn Ranch Metropolitan Districts Nos. 1-3 have been fulfilled in a timely manner;

BE IT FURTHER RESOLVED the Board hereby approves the Service Plan submitted for the Saddlehorn Ranch Metropolitan Districts Nos. 1-3, for property more particularly described in Exhibit A, which is attached hereto and incorporated by reference;

AND BE IT FURTHER RESOLVED that the following Conditions shall be placed upon this approval:

CONDITIONS OF APPROVAL

1. As stated in the proposed service plan, the maximum combined mill levy (Gallagher-adjusted) shall not exceed 65 mills for any property within the Districts, with no more than 50 mills devoted to debt service, not more than 10 mills devoted to operations and maintenance, and 5 mills for covenant enforcement until and unless the Districts receive Board of County Commissioner approval to increase the maximum mill levies.
2. As stated in the attached service plan, the maximum authorized debt for the Districts shall be limited to \$45 million until and unless the Districts receive Board of County Commissioner approval to increase the maximum authorized debt.
3. The approval of the Districts includes the use of eminent domain powers by the Districts for the acquisition of property that the Districts intend to be owned, controlled, or maintained by the Districts or other public or non-profit entity and is for the material use or benefit of the general public. The Districts may not use the power of eminent domain without a recommendation by the Board of County Commissioners at a publicly noticed hearing that the use of eminent domain is necessary in order for the Districts to continue to provide service(s) within the Districts' boundaries and that there are no other alternatives that would not result in the need for the use of eminent domain powers.
4. As stated in the attached Service Plan, any future annexation of territory by the Districts (any territory more than five (5) miles from any District boundary line) shall be considered a material modification of the Service Plan and shall require prior Board of County Commissioners' approval.

5. The Districts shall provide a disclosure form to future purchasers of property in a form consistent with the approved Special District Annual Report form. The developer shall provide written notation on each subsequent final plat associated with the development of the annually filed public notice and include reference to the El Paso County Planning and Community Development website where the most up-to-date notice can be found. County staff is authorized to administratively approve updates of the disclosure form to reflect current contact information and calculations.
6. The Districts are expressly prohibited from creating separate sub-districts except upon prior notice to the Board of County Commissioners, and subject to the Board of County Commissioners right to declare such creation to be a material modification of the service plan, pursuant to C.R.S. § 32-1-1101(1)(f)(I).
7. As stated in the attached service plan, approval of the proposed service plan hereby gives the Districts the express authority of covenant enforcement, including the imposition of fees for such enforcement.
8. As stated in the attached service plan, the Districts shall not have the authority to apply for or utilize any Conservation Trust ("Lottery") funds without the express prior consent of the Board of County Commissioners. The Districts shall have the authority to apply for and receive any other grant funds, including, but not limited to, Great Outdoors Colorado (GOCO) discretionary grants.
9. Approval of this application shall not constitute relinquishment or undermining of the County's authority to require the developer to complete subdivision improvements as required by the Land Development Code and Engineering Criteria Manual and to require subdivision improvement agreements or development agreements and collateral of the developer at the final plat stage to guarantee the construction of improvements.

NOTATIONS

1. Approval of this service plan shall in no way be construed to infer a requirement or obligation of the Board of County Commissioners to approve any future land use requests within the boundaries of the Districts.
2. Any expansions, extensions, or construction of new facilities by the Districts will require prior review by the Planning and Community Development Department to determine if such actions are subject to the requirements of Appendix B of the Land Development Code, Guidelines

and Regulations for Areas and Activities of State Interest (a.k.a. "1041 Regulations).

AND BE IT FURTHER RESOLVED, the record and recommendations of the El Paso County Planning Commission be adopted, except as modified herein.

AND BE IT FURTHER RESOLVED that a certified copy of this Resolution shall be filed in the records of the County and submitted to the petitioners for the purpose of filing in the District Court of El Paso County.

AND BE IT FURTHER RESOLVED that all resolutions or parts thereof, in conflict with the provisions hereof, are hereby repealed.

DONE THIS 23rd day of July, 2019, at Colorado Springs, Colorado.

I. EXECUTIVE SUMMARY

The following is a summary of general information regarding the proposed District provided for the convenience of the reviewers of this Service Plan. Please note that the following information is subject in all respects to the more complete descriptions contained elsewhere in this Service Plan.

Proposed District:	Saddlehorn Ranch Metropolitan District Nos. 1-3 (the "District").
Property Owner:	ROI Property Group, LLC
Developer:	ROI Property Group, LLC
Description of Development:	The Saddlehorn Ranch Development is comprised of 824 acres, located generally east of Curtis Road and south of Judge Orr Road, wholly within El Paso County. The proposed development is residential, and at buildout will consist of 227 single family residences on lots approximately 2.5 acres.
Proposed Improvements to be Financed:	The Districts anticipate financing public improvements including water, streets, sanitation, drainage, safety protection, parks and recreation, mosquito control, television relay and translation.
Proposed Ongoing Services:	The Districts anticipate providing services related to the construction and ongoing operation and maintenance of certain public improvements within the Districts not otherwise dedicated to the County or third party entities for ownership and/or ongoing operation and maintenance.
Infrastructure Capital Costs:	Approximately \$ 22,480,550
Maximum Debt Authorization:	\$ 45,000,000, combined for District Nos. 1-3.
Proposed Debt Mill Levy:	For each District 50 Mills, subject to the Gallagher Adjustment.
Proposed O & M Mill Levy:	For each District, 10 Mills, subject to the Gallagher Adjustment.
Proposed Special Purpose Mill Levy:	For each District, 5 Mills, subject to the Gallagher Adjustment.

Proposed Maximum Mill Levies: For each District, an aggregate of 65 Mills, subject to the Gallagher Adjustment.

Proposed Fees: All fees, rates, tolls, penalties, or charges as authorized in Section 32-1-1001(1)(j)(I), C.R.S. Capital facility fee/development fee and operations, maintenance and administrative fees may be imposed by the Districts.

II. DEFINITIONS

The following terms are specifically defined for use in this Service Plan. For specific definitions of terms not listed below please also refer to the El Paso County Special District Policies, the El Paso County Land Development Code and Colorado Revised Statutes, as may be applicable.

Additional Inclusion Areas: means the property described in Section III.J.2 that is anticipated for future inclusion into the boundaries of the Districts, together with other real property located within a 5 mile radius of the combined area described in Exhibits A.5-A.7 that may be included upon petition of the property owners thereof.

Annual Report and Disclosure Statement: means the statement of the same name required to be filed annually with the Board of County Commissioners pursuant to Resolution 06-472 as may be amended.

Board(s): means the Board of Directors of any District, or in the plural, the Boards of Directors of all the Districts.

Board of County Commissioners: means the Board of County Commissioners of El Paso County.

Control District: means District No. 1, which is initially intended to include property owned by the organizers of the Districts, and whose Board of Directors is intended to be occupied by representatives of the organizers of the Districts during the phases of development in order to direct the activities of the Districts to achieve an overall development plan for Public Improvements. References to "District No. 1" shall be deemed to refer to the Control District.

County: means El Paso County, Colorado

Debt: means bonds or other obligations for the payment of which the Districts have promised to impose an *ad valorem* property tax mill levy without such promise being subject to annual appropriation.

Developer Funding Agreement: An agreement of any kind executed between a special district and a Developer as this term is specifically defined below, including but not limited to advance funding agreements, reimbursement agreements or loans to the special district from a Developer, where such an agreement creates an obligation of any kind which may require the special district to re-pay the Developer. The term "Developer" means any person or entity (including but not limited to corporations, venture partners, proprietorships, estates and trusts) that

owns or has a contract to purchase undeveloped taxable real property greater than or equal to ten percent (10%) of all real property located within the boundaries of the special district. The term “**Developer Funding Agreement**” shall not extend to any such obligation listed above if such obligation has been converted to Debt issued by the special district to evidence the obligation to repay such Developer Funding Agreement, including the purchase of such Debt by a Developer.

Development Services Department: The department of the County formally charged with administering the development regulations of the County.

Districts’ Boundaries: means the boundaries of the Districts as described in Section III.J.1, depicted on the maps in Exhibits A.2-A.4., and as legally described in the legal descriptions found at Exhibits A.5-A.7.

District No. 1: means the Control District and Saddlehorn Ranch Metropolitan District No. 1.

District No. 2: means a Financing District and Saddlehorn Ranch Metropolitan District No. 2.

District No. 3: means a Financing District and Saddlehorn Ranch Metropolitan District No. 3.

Districts: means collectively, the Saddlehorn Ranch Metropolitan District Nos. 1-3.

External Financial Advisor: means a consultant that: (i) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (ii) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer’s Municipal Market Place; and (iii) is not an officer or employee of the District for which External Advisor Services are being rendered, and (iv) has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Financing District(s): means District Nos. 2 and 3, which are expected to include residential development that will produce the required revenue to fund the Public Improvements and any operations and maintenance costs, and repay Debt obligations. References to “**District No. 2**” or “**District No. 3**” or “**District Nos. 2 and 3**” shall be deemed to refer to as the Financing District(s).

Gallagher Adjustment: means an allowed adjustment to the Maximum Debt Service Mill Levy, Maximum Operational Mill Levy, or Maximum Special Mill Levy intended to offset the effect of adjustments to the ratio between market value and assessed value of taxable property within the applicable District that would cause a reduction in the revenue otherwise produced from such Maximums based on the ratio between market value and assessed value as of January 1 in the year in which the applicable District’s organizational election is held.

Local Public Improvements: means facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, but which do not qualify under the definition of Regional Public Improvements. Examples would include local streets and appurtenant facilities, water and sewer lines which serve individual properties and drainage facilities that do not qualify as reimbursable under adopted drainage basin planning studies.

Material Modification: has the meaning described in Section 32-1-207, C.R.S., as it may be amended from time to time.

Maximum Combined Mill Levy: The maximum combined ad valorem mill levy the applicable District may certify against any property within said District for any purposes.

Maximum Debt Authorization: means the maximum principal amount of Debt that the Districts combined may have outstanding at any time, which under this Service Plan is \$45,000,000.

Maximum Debt Service Mill Levy: The maximum ad valorem mill levy the applicable District may certify against any property within said District for the purpose of servicing any Debt incurred by or on behalf of said District.

Maximum Operational Mill Levy: The maximum ad valorem mill levy the applicable District may certify against any property within said District for the purposes providing revenues for ongoing operation, maintenance, administration or any other allowable services and activities other than the servicing of Debt. This Maximum Operational Mill Levy is exclusive of any Maximum Special Mill Levy which might be separately authorized.

Maximum Special Purpose Mill Levy: means maximum ad valorem mill levy which is allowed in addition to the allowable Maximum Debt Service Mill Levy and the Maximum Operational Mill Levy that each District may certify against any property within that District's Boundaries for the purposes of providing covenant enforcement and design review services.

Project: means the Saddlehorn Ranch development contained within the boundaries of the Districts.

Public Improvements: Those improvements constituting Regional Public Improvements and Local Public Improvements collectively.

Regional Public Improvements: Facilities and other improvements which are or will be dedicated to the County or another governmental or quasi-governmental entity for substantially public use, and which serve the needs of the region.

Revenue Obligations: means bonds or other obligations not subject to annual appropriation that are payable from a pledge of revenues other than *ad valorem* property taxes.

Service Plan: means this Service Plan for the Districts.

Special District Act: means Section 32-1-101, et seq., of the Colorado Revised Statutes, as amended from time to time.

State: means the State of Colorado.

Underlying Land Use Approvals: means Board of County Commissioners approval of the applicable land use plans that form the basis for the need for the Districts and its proposed financing plan and/or services. Such approvals may be in the form of one or a combination of Sketch Plans, Generalized Planned Unit Development (PUD) Development Plans, site-specific PUD plans, or subdivision plans.

III. INTRODUCTION

A. Overall Purpose and Intent

The Districts will be created pursuant to the Special District Act, and are being created with a Control District/Financing District structure under El Paso County policies. The Districts are independent units of local government, separate and distinct from the County, and, except as may otherwise be provided for by State or local law or this Service Plan, their activities are subject to review by the County only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the Districts, in their discretion, will provide a part or all of various Public Improvements necessary and appropriate for the development of a project within the unincorporated County to be known as Saddlehorn Ranch (the "Project"). The Public Improvements will be constructed for the use and benefit of all anticipated inhabitants, property owners and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements. Additional major purposes will include the District's power to furnish covenant enforcement and design review services within the District's Boundaries, and any ongoing operation and maintenance of the public improvements within the District not otherwise dedicated to the County or third party entities for ownership and/or ongoing operation and maintenance.

District No. 1 is proposed to be the Control District, and is expected to coordinate the financing and construction of all Public Improvements. District Nos. 2 and 3 are proposed to be the Financing Districts, and are expected to include residential development that (under the direction of District No. 1) will produce the required revenue to fund the Public Improvements and any operations and maintenance costs, and repay Debt obligations.

B. Need for the Districts

There are currently no private parties or other governmental entities, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment and financing of the Public Improvements needed for the Project. Formation of the Districts is therefore necessary in order for the Public Improvements, required for the development of the Project, to be provided in the most economic manner possible. The size and scope of the Project necessitate phasing made possible through the formation of multiple Districts.

C. County Objectives in Forming the Districts

The County recognizes the Districts as independent quasi-municipal entities which are duly authorized for the purposes and functions identified in the Service Plan. Future County involvement in the affairs of the Districts will generally be limited to functions as required by the Colorado Revised Statutes, reporting and disclosure functions, determinations as to compliance with the limits as set forth in this Service Plan or any conditions attached to its approval, as well as additional activities or relationships as may be stipulated in any intergovernmental agreements which may be entered in to between the Districts and the County in the future.

In approving this Service Plan the objectives of the County include an intent to allow the applicant reasonable access to public tax-exempt financing for reasonable costs associated with the generally identified Public Improvements and to allow the applicant the ability to prudently obligate future property owners for a reasonable share of the repayment costs of the Public Improvements which will benefit the properties within the Districts.

It is the additional objective of the County to allow for the Districts to provide for the identified ongoing services which either cannot or will not be provided by the County and/or other districts.

D. Multiple District Structure

1. Multiple District Structure. This Service Plan sets forth the general parameters for the working relationship between the Control District and the Financing Districts. This structure is intended to provide for the fair and equitable allocation of the costs of the Public Improvements and related services within the various development areas of the Project.

District No. 1 is expected to be responsible for managing the construction, acquisition, installation and operation and maintenance of the Public Improvements. The Financing Districts are expected to be responsible for providing the funding and tax base needed to support the plan for financing the Public Improvements, the payment of Debt obligations, and for costs associated with the operation, maintenance and administrative functions. The allocation of responsibility for all such functions among the Districts may occur in any combination based upon the best interests of the property owners and residents within the Project.

Each District will be authorized to provide improvements and services, including but not limited to acquisition of completed improvements, to the property within and without their respective legal boundaries, as they may be amended from time to time. Debt may be issued by either District No. 1 and/or the Financing Districts as appropriate to deliver the improvements and services to the property within the Project.

Due to the interrelationship between the Districts, it is anticipated that the Districts will enter into an Intergovernmental Agreement that will set forth the rights and obligations of the Financing Districts to fully fund the Public Improvements and services of the Districts, and the Control District to construct, operate and maintain the Public Improvements and services of the Districts. The Intergovernmental Agreement will be designed to help assure the orderly development of essential services and facilities resulting in a community that is an aesthetic and economic asset to the County.

2. Benefits of Multiple District Structure. The use of a multiple district structure as described in this Service Plan serves the best interests of the County, the applicant and the future taxpayers within the Districts. The benefits of using the multiple district structure include: (a) coordinated administration of construction and operation of the Public Improvements and delivery of those improvements in a timely manner; and (b) assurance that the Public Improvements required by the County are constructed in a timely and cost-effective manner.

(a) Coordinated Services. As presently planned, development of the Project will proceed in phases, which will require the extension of public services and facilities. The multiple district structure will assure that the construction and operation of each phase of Public Improvements will be administered consistent with a long-term construction and operations program. Use of District No. 1 to direct financing, construction, acquisition and installation of the Public Improvements and for management of operation and maintenance needs will facilitate a well-planned financing effort through all phases of construction, which will assist in the coordinated extension of services.

(b) Debt Allocation. Allocation of the responsibility for paying the Debt obligations for the Public Improvements will be managed through development of a unified financing plan and through development of an integrated operating plan for long-term operations and maintenance for those Public Improvements that are not dedicated to and accepted by the County, but retained by the Districts as appropriate. Use of District No. 1 to manage these functions will help assure that no area within the Project becomes obligated for more than its share of the costs of the Public Improvements and operations. Additionally, equity is also promoted due to the fact that there must be a rational relationship between the land that is subject to a district's mill levy and the improvements or services being funded.

E. Specific Purposes -Facilities and Services

The Districts are authorized to provide the following facilities and services, both within and without the boundaries of the Districts as may be necessary:

1. Water. The design, acquisition, installation, construction and operation and maintenance of a complete water and irrigation water system, including but not limited to water rights, water quality, treatment, storage, pumping, transmission and distribution systems for domestic and other public or private purposes, together with all necessary and proper treatment facilities, wells, water rights, equipment and appurtenances incident thereto which may include, but shall not be limited to, transmission lines, distribution mains and laterals, storage facilities, land and easements, together with extensions of and improvements to said systems, but excluding private on-site development. It is anticipated that the Districts will own and operate the treatment facilities for potable and non-potable water constructed to provide services to the Districts' Boundaries. In addition, any water improvements not conveyed to the County, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

The Districts do not intend to join the El Paso County Water Authority following formation.

2. Sanitation. The design, acquisition, installation, construction and operation and maintenance of sanitation improvements including, wastewater mains and wastewater drainage collection facilities and all necessary or proper equipment and appurtenances incident thereto, together with all necessary, incidental and appurtenant facilities, and all necessary extensions of and improvements to said facilities or systems, but excluding private on-site development. It is anticipated that sewer improvements not conveyed to the county, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

3. Street Improvements. The design, acquisition, installation, construction and operation and maintenance of improvements to existing roadways as well as new roadway improvements, including but not limited to curbs, sidewalks, bridges, underpasses, streets, medians, roundabouts, islands, paving, lighting, sleeving, grading, landscaping, and other street improvements, together with all necessary, incidental, and appurtenant facilities, together with extensions of and improvements to said facilities. It is anticipated that street improvements not conveyed to the County, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

4. Transportation. The design, acquisition, installation, construction and operation and maintenance of a system to transport the public by bus, rail or any other means of conveyance, or any combination thereof, including but not limited to, bus stops and shelters, park and ride facilities, parking facilities, bike storage facilities, together with all necessary, incidental and appurtenant facilities, land easements, and all extensions of and improvements to said facilities. It is anticipated that transportation improvements not conveyed to the County, or other appropriate or owners' association will be owned and maintenance by the Districts. It is anticipated that transportation improvements will be conveyed to the County; however, those transportation improvements not conveyed to the County, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

5. Safety Protection. The design, acquisition, installation and construction of traffic and safety protection facilities and services through traffic and safety controls and devices on streets and highways, environmental monitoring, as well as other facilities and improvements including but not limited to, speed control devices, signalization at intersections, traffic signs, area identification signs, directional assistance, and driver information signs, together with all necessary, incidental, and appurtenant facilities, together with extensions of and improvements to said facilities. It is anticipated that safety protection improvements will be conveyed to the County; however, those safety protection improvements not conveyed to the County, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

6. Drainage. The design, acquisition, installation, construction and operation and maintenance of drainage improvements including, but not limited to, storm sewers, channels, flood and surface drainage, gutters, culverts, and other drainage facilities such as detention ponds, retaining walls, and all necessary or proper equipment and appurtenances incident thereto, together with all necessary, incidental and appurtenant facilities, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that drainage improvements not conveyed to the county, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

7. Parks and Recreation. The design, acquisition, installation, construction and operation and maintenance of public park and recreation facilities including, but not limited to, pocket parks, paths, trails, fencing, open space, common areas, play structures, community pool and recreation center, street trees, streetscapes, entry features, landscaping and irrigation, weed control, outdoor lighting, together with all necessary, incidental and appurtenant facilities, and all necessary extensions of and improvements to said facilities or systems. It is anticipated that parks and recreation improvements not conveyed to the county, other appropriate jurisdiction or an owners' association will be owned and maintained by the Districts.

The Districts shall not have the authority to apply for or utilize any Conservation Trust funds without the express prior consent of the Board of County Commissioners. The Districts shall have the authority to apply for and receive any other grant funds, including, but not limited to, Great Outdoors Colorado (GOCO) discretionary grants. Such approval, although required, is not considered to be a major modification which would require the need to revise this Service Plan.

8. Mosquito Control. Provide for the eradication and control of mosquitoes, including but not limited to elimination or treatment of breeding grounds and purchase, lease, contracting or other use of equipment or supplies for mosquito control.

9. Fire Protection. Design, acquire, construct, install, relocate, redevelop and operate and maintain improvements for fire protection, together with all necessary, incidental and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities. The District will not provide Fire Protection services. It is anticipated that fire protection and emergency response services will be provided by one of the fire protection districts within the County.

10. Television Relay and Translation. The design, acquisition, installation, construction and operation and maintenance of television relay and translation facilities and programs, together with all necessary, incidental and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities.

11. Covenant Enforcement and Design Review. Subject to the provisions of Section 32-1-1004(8), C.R.S., the Districts shall have the power to furnish covenant enforcement and design review services within the Service Area. Currently, the District(s) will provide such services in lieu of a homeowners' association/ owners' association ("HOA"). However, in the event, the future property owners of the community and Board of Directors of the District(s) deem it in their best interest to form an HOA, the District(s) will not impose the Special Purpose Mill Levy, and the Maximum Combined Mill Levy Cap for that District shall be sixty (60) mills.

12. Security Services. Subject to the provisions of Section 32-1-1004(7), C.R.S., the Districts shall have the power to furnish security services within the Service Area.

13. Solid Waste Disposal. Subject to the provisions of Section 32-1-1006(6) and (7) C.R.S., the Districts shall have the power to furnish solid waste disposal facilities or collection and transportation of solid waste.

F. Other Powers

1. Operations and Maintenance. The Districts shall be authorized to operate and maintain the Public Improvements not conveyed to the County, other governmental entities having proper jurisdiction, or an owners' association.

2. Amendments. The Districts shall have the power to amend this Service Plan as needed, subject to appropriate statutory procedures as set forth in Section 32-1-207, C.R.S.

3. Authority to Modify Implementation of Financing Plan and Public Infrastructure. The Financial Plan provides projections and estimates based on the financial market and industry conditions existing at the time of this Service Plan submittal. These projections and estimates are not to be interpreted as the only method of implementation of the Districts' goals and objectives but rather a representation of a feasible alternative. The actual amounts, interest rates, and terms of any Debt, issued by the Districts, will likely change from that reflected in the Financial Plan and each issue of Debt will be based upon the actual conditions existing at the time of issuance, subject to the limitations of the Service Plan. Without amending this Service Plan, the Districts may defer, forego, reschedule or restructure the financing and construction of certain improvements and facilities, to better accommodate the pace of growth, resources availability, and potential inclusions of property within the Districts.

G. Other Statutory Powers

The Districts may exercise such powers as are expressly or impliedly granted by Colorado law, if not otherwise limited by the Service Plan or its conditions of approval.

H. Eminent Domain

The Districts may exercise the power of eminent domain or dominant eminent domain only as necessary to further the clear public purposes of the Districts.

The power of eminent domain and/or dominant eminent domain shall be limited to the acquisition of property that the applicable District intends to own, control or maintain by the applicable District or other governmental entity and is for the material use or benefit of the general public. The term "material use or benefit for the general public" shall not include the acquisition of property for the furtherance of an economic development plan, nor shall it include as a purpose an intent to convey such property or to make such property available to a private entity for economic development purposes. The phrase "furtherance of an economic development plan" does not include condemnation of property to facilitate public infrastructure that is necessary for the development of the Project.

I. Intergovernmental Agreements (IGAs)

The Districts are authorized to enter into IGAs to the extent permissible by law. As of the date of approval of this Service Plan, the Districts anticipate on entering into an IGA that will facilitate the coordination of all activities as contemplated in this Service Plan, as between the Districts, including, but not limited to, the management and administrative responsibilities, the

provision of essential services, and the financing, construction, operation and maintenance of the Public Improvements.

J. Description of Proposed Boundaries and Service Area

1. District Boundaries. A vicinity map showing the general location of the area that may be served by the Districts is included as **Exhibit A.1**. Maps of the each District's Boundaries are found at **Exhibits A.2-A.4**, with legal descriptions of each District's Boundaries found at **Exhibit A.5**.

2. Additional Inclusion Areas/Boundary Adjustments. Currently, the Districts do not anticipate including additional areas beyond the initially included properties within each District. In order to accommodate the needs of Project phasing and other contingencies, the boundaries of the Districts may be adjusted via inclusion or exclusion, and the Districts shall be authorized to include territory, including but not limited to, the real property located within a five (5) mile radius of the combined areas described in **Exhibits A.5-A.7** and as depicted in **Exhibits A.2-A.4**, without the County's prior approval, upon petition of the property owners thereof, and in accordance with the applicable provisions of the Special District Act.

3. Extraterritorial Service Areas. Currently, the Districts do not anticipate providing services to areas outside of the Districts' Boundaries. If in the future, property outside of the Districts' Boundaries wish to receive services from the Districts, the Districts shall be authorized to provide such services in accordance with the applicable provisions of the Special District Act.

4. Analysis of Alternatives. The Project is not presently served with the facilities and/or services proposed to be provided by the Districts, nor does the County nor any other special district have any plans to provide such services within a reasonable time and on a comparable basis. There are currently no other governmental entities, including the County, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment and financing of the Public Improvements needed for the Project.

5. Material Modifications/Service Plan Amendment. Material modifications of this Service Plan shall, at a minimum, trigger the need for prior approval of the Board of County Commissioners at an advertised public hearing and may require a need for a complete re-submittal of an amended Service Plan along with a hearing before the County's planning commission. For the purpose of this Service Plan the following changes shall be considered material modifications:

(a) Any change in the basic services provided by the Districts, including the addition of any types of services not authorized by this Service Plan.

(b) Any other matter which is now, or may in the future, be described as a material modification by the Special District Act.

(c) Imposition of a mill levy in excess of any of the Maximum Mill Levies as authorized in this approved Service Plan.

(d) Issuance of Debt in excess of the Maximum Debt Authorization authorized in this Service Plan

(e) Issuance of any Debt with a maturity period of greater than thirty (30) years, from the date of issuance of such Debt.

(f) Creation of any sub-districts as contemplated in the Special District Act.

(g) Inclusion of property into the Districts of any property over five (5) miles from the combined area of the District's Boundaries and the property described in Exhibits A.5-A.7 unless explicitly contemplated in this Service Plan.

IV. DEVELOPMENT ANALYSIS

A. Existing Developed Conditions

The Districts' Boundaries contain approximately 824 acres of undeveloped, vacant land. Apart from platting, preliminary water and soil investigations; no work has taken place within the Districts' Boundaries. Prior to the Developer's ownership of the property consisting of the Project, the previous owner had drilled two commercial wells in the southwest portion of District No. 2's Boundaries.

B. Total Development at Project Buildout

At complete Project build-out, development within the Districts is planned to consist of 224 single family homes, the prices of homes in the project are expected to average between \$300,000 and \$325,000 in year 2019 dollars. The total estimated population of the Districts upon completion of development is 672 people.

C. Development Phasing and Absorption

Absorption of the project is projected to take four (4) years, beginning in 2020 and ending in 2024 and is further described in the Development Summary Table found at Exhibit B.

D. Status of Underlying Land Use Approvals

The subdivision of Saddlehorn Ranch is pending approval by the El Paso County Planning and Community Development Department as well as the Board of County Commissioners. The Developer has submitted the final plan and preliminary plan for approval, in conjunction with the submittal of this service plan.

V. INFRASTRUCTURE SUMMARY

Attached as **Exhibit C**, is a summary of the estimated costs for the construction of the Public Improvements which are necessary for the development of the Project. A general description of the categories of Public Improvements is included in Section III.E. of this Service Plan. The total costs of the Public Improvements are estimated to be approximately \$22,480,550 in year 2019 dollars. It is estimated that the Districts will finance approximately all of this estimated amount, but the amount ultimately financed by the Districts will be subject to the Maximum Authorized Debt limit.

All Public Improvements will be designed and constructed in accordance with the standards of the governmental entity to which such Public Improvements will be dedicated (including, with respect to storm sewer and drainage facilities, the applicable NPDES standards), and otherwise in accordance with applicable El Paso County standards. The composition of specific Public Improvements will be determined in connection with applicable future land use and development approvals required by El Paso County rules and regulations.

VI. FINANCIAL PLAN SUMMARY

A. Financial Plan Assumptions and Debt Capacity Model

Attached at **Exhibit D**, is a summary of development assumptions, projected assessed valuation, description of revenue sources (including applicable mill levies and fees) and expenses for both operations and debt service, and an overall debt capacity model associated with projected future development of the Project. The model demonstrates that the Districts are capable of providing sufficient and economic service within the Project, and that the Districts have or will have the financial ability to discharge the Districts' Debt on a reasonable basis. The financial model, attached as **Exhibit D**, is an example of the manner in which the Districts may finance the Public Improvements. The specific structure for financing the Public Improvements shall be determined in the discretion of the Boards of Directors of the Districts, subject to the limitations set forth in this Service Plan. The parameters in the Financial Plan are based upon current estimates and will change based on actual development of the Project.

The Financial Plan is one projection of the issuance of Debt by the Districts and is based on certain development assumptions. It is expected that actual development (including, but not limited to product types, market values, and absorption rates) will vary from that projected and illustrated in the Financial Plan, which variations and deviations shall not constitute a material modification of this Service Plan. Notwithstanding anything in this Service Plan to the contrary, the projections set forth in this Service Plan and the Financial Plan are projections based upon current market conditions. The actual amounts, interest rates, and terms of any Debt will likely change from that reflected in the Financial Plan and each issue of Debt will be based upon the actual conditions existing at the time of issuance, subject to the limitations of the Service Plan.

B. Maximum Authorized Debt

The Districts are authorized to issue Debt up to \$45,000,000 million in principal amount (total combined for all Districts). The Districts shall not issue Debt in excess of the

Maximum Authorized Debt, provided, however, any refunding Debt shall not county against the Maximum Authorized Debt.

The Maximum Authorized Debt established in this Service Plan is derived from the estimated costs of the Public Improvements as provided for in **Exhibit C**, and the bonding capacity provided for in the Financial Plan. The Financial Plan accounts for future changes due to market changes, changes in development approvals, and inflation to provide sufficient flexibility without the need for future amendments to this Service Plan.

C. Maximum Mill Levies

1. Maximum Debt Service Mill Levy. The Maximum Debt Service Mill Levy, for each District, shall be fifty (50) mills, subject to Gallagher Adjustment. All Debt issued by the Districts must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

2. Maximum Operational Mill Levy. The Maximum Operational Mill Levy, for each District, shall be ten (10) mills, subject to Gallagher Adjustment.

3. Maximum Special Purpose Mill Levy. The Maximum Special Purpose Mill Levy, for each District, is five (5) Mills, subject to Gallagher Adjustment.

4. Maximum Combined Mill Levy. The Maximum Combined Mill Levy, for each District, is sixty-five (65) Mills, subject to Gallagher Adjustment.

In the event that the Districts elect to provide covenant enforcement services, it will need sufficient revenues available, as necessary, to pay for the expenses of the covenant enforcement and design review services, plus ongoing operations and maintenance expenses, and debt service obligations. As such, each District will be permitted to impose the Maximum Special Purpose Mill Levy, which, when combined with the Maximum Debt Service Mill Levy and the Maximum Operational Mill Levy, increases the Maximum Combined Mill Levy Cap for each District to sixty-five (65) mills, subject to the Gallagher Adjustment. Notwithstanding the foregoing, if a District does not provide covenant enforcement services and/or design review services, the Maximum Combined Mill Levy Cap for that District shall be sixty (60) mills, subject to Gallagher Adjustment.

Increases to or removal of any of the Maximum Mill Levies shall be subject to the Board of County Commissioners approval without the need for a formal Service Plan Amendment (unless the Board otherwise requires).

D. Maximum Maturity Period for Debt

The period of maturity for issuance of any Debt (but not including Developer Funding Agreements) shall be limited to no more than thirty (30) years without express, prior approval of the Board of County Commissioners. Such approval, although required, is not considered to be a Material Modification of the Service Plan which would trigger the need to amend said Service Plan. However, the Districts are specifically authorized to refund or restructure

existing Debt so long as the period of maturity for the refunding or restructured Debt is no greater than thirty (30) years from the date of the issuance thereof.

E. Developer Funding Agreements

The Developer does intend to enter into Developer Funding Agreements with the Districts in addition to recovery of the eligible costs associated with creation of the Districts. It is anticipated that in the formative years the Districts will have shortfalls in funding its capital costs and monthly operations and maintenance expenses. The Developer may fund these obligations for the Districts to promote the Project's development subject to the Developer being repaid from future District revenues.

Developer Funding Agreements may allow for the earning of simple interest thereon, but under no circumstances shall any such agreement permit the compounding of interest. The Developer Funding Agreements may permit an interest rate that does not exceed the prime interest rate plus two points thereon.

The maximum term for repayment of a Developer Funding Agreement shall be thirty (30) years from the date of the District entering into such agreement becomes obligated to repay the Developer Funding Agreement under the associated contractual obligation. For the purpose of this provision, Developer Funding Agreements are considered repaid once the obligations are fully paid in cash or when converted to bonded indebtedness of the applicable District (including privately placed bonds). Any extension of such term is considered a Material Modification and must be approved by the Board of County Commissioners.

Required disclosure notices shall clearly identify the potential for the Districts to enter into obligations associated with Developer Funding Agreements.

F. Privately Placed Debt Limitation

Prior to the issuance of any privately placed Debt, the District proposing such issuance shall obtain the certification of an External Financial Advisor substantially as follows: We are [I am] an External Financial Advisor within the meaning of this Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

G. Revenue Obligations. The Districts shall also be permitted to issue Revenue Obligations in such amount as the Districts may determine. Amounts issued as Revenue Obligations are not subject to the Maximum Debt Authorization.

VII. OVERLAPPING TAXING ENTITIES, NEIGHBORING JURISDICTIONS

A. Overlapping Taxing Entities

The directly overlapping taxing entities and their respective year 2019 mill levies are as follows:

El Paso County	7.738 mills
El Paso County Road and Bridge	0.330 mills
El Paso County Conservation	0.000 mills
El Paso School District No. 49	43.044 mills
OR	
Peyton School District No. 23	30.469 mills
Pikes Peak Library District	4.000 mills
Falcon Fire Protection District	14.886 mills
Upper BLK Squirrel CRK Ground Water	1.082 mills
Central Colorado Conservation	0.000 mills

Total Existing Mill Levy (in El Paso School District No. 49): 71.080 mills

Total Existing Mill Levy (in Peyton School District No. 23): 58.505 mills

The Total Mill Levy including the initially proposed District Mill Levy (in El Paso School District No. 49): 136.080 mills

The Total Mill Levy including the initially proposed District Mill levy (in Peyton School District No. 23): 123.505 mills.

The Districts do not anticipate any adverse impacts to the listed entities in this Section.

B. Neighboring Jurisdictions

The following additional taxing and or service providing entities include territory within three miles of the Districts' Boundaries:

4-WAY RANCH METRO #1
4-WAY RANCH METRO #2
BENT GRASS METROPOLITAN

PIKES PEAK LIBRARY
UPPER BLK SQUIRREL CRK GROUND WATER
WOODMEN HILLS METROPOLITAN
WOODMEN ROAD METROPOLITAN

The Districts do not anticipate any adverse impacts to the listed entities in this Section.

VIII. DISSOLUTION

A. Dissolution. Upon an independent determination of the Board of County Commissioners that the purposes for which a particular District was created have been accomplished, such District agrees to file a petition in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

B. Administrative Dissolution. The Districts shall be subject to administrative dissolution by the Division of Local Government as set forth in Section 32-1-710, C.R.S.

IX. COMPLIANCE

A. An Annual Report and Disclosure Form will be required and submitted as described in Section 32-1-207(3)(d), C.R.S. and as further articulated by Board of County Commissioners Resolution No. 07-273 (a single report may be issued for all the Districts).

B. Material Modifications of this Service Plan shall be subject to the provisions contained in Section 32-1-207, C.R.S., relating to approvals and notices thereof.

X. MISCELLANEOUS

The following is additional information to further explain the functions of the Districts:

A. Special District Act

The contemplated municipal services are under the jurisdiction of the Special District Act and not the Public Utilities Commission.

B. Disclosure to Prospective Purchasers

After formation of the Districts, and in conjunction with final platting of any properties within a particular District, the applicable Board of Directors of the District shall prepare a notice acceptable to the Development Services Department Staff informing all purchasers of property within the District of the District's existence, purpose and debt, taxing, and other revenue-raising powers and limitations. Such notice obligation shall be deemed satisfied by recording the notice with this Service Plan and each final plat associated with the Project, or by such other means as the Development Services Department approves. Such notice shall be modified to address the potential for future Debt issuance which may be required to meet the obligations associated with loans incurred by the District. Additionally, the notice shall disclose the limited representation elements associated with the Control District/Financing District structure. In conjunction with subsequent plat recordings, Development Services Department staff is authorized to administratively approve updates of the disclosure form to reflect current information.

C. Local Improvements

Prior to the financing of Local Public Improvements, and if required by County policy uniformly applied, agreements shall be in place to prevent a loss of sales tax revenue from sales of construction materials that would otherwise accrue to the County.

D. Service Plan not a Contract

The grant of authority contained in this Service Plan does not constitute the agreement or binding commitment of the Districts enforceable by third parties to undertake the activities described, or to undertake such activities exactly as described.

E. Land Use and Development Approvals

Approval of this Service Plan does not imply approval of the development of a specific area within the Project, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto. All such land use and development approvals shall be processed and obtained in accordance with applicable El Paso County rules, regulations and policies.

XI. CONCLUSION

It is submitted that this Service Plan for the Districts establishes that:

A. There is sufficient existing and projected need for organized service in the area to be serviced by the proposed Districts;

B. The existing service in the area to be served by the proposed Districts is inadequate for present and projected needs;

C. The proposed Districts are capable of providing economical and sufficient service to the Project;

D. The area to be included in the proposed Districts does have, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;

E. Adequate service is not, and will not be, available to the area through the County or other existing municipal or quasi-municipal corporations, including existing special districts, within a reasonable time and on a comparable basis;

F. The facility and service standards of the proposed Districts are compatible with the facility and service standards of the County;

G. The proposal is in substantial compliance with the County master plan; and

H. The creation of the proposed Districts is in the best interests of the area proposed to be served.

SADDLEHORN RANCH

A. Existing Developed Conditions

Currently, no part of the project has been developed. There are two commercial wells located in the south west portion of the property that were drilled by a previous owner. The area has been designed for 224 lots and is pending re-zone approval. No work has taken place on the property aside from preliminary water and soil testing.

The project will consist of 224 single family detached lots, and 5 tracts consisting of approximately 85 acres dedicated for drainage and open space. Saddlehorn Ranch is pending re-zone approval by the El Paso County Development services as well as the El Paso County Commissioners. The Preliminary Plat and Final Plat are planned to be submitted by April of 2019.

B. Total Development at Project Buildout

Total Development at Project Buildout is planned to consist of 224 single family homes. The project also includes 5 tracts that will contain drainage basins and pedestrian access. The prices of the homes are projected to be between \$300,000 and \$325,000 in year 2019 dollars. The price is driven by construction costs that have been given to us from local homebuilders in the area. Existing home values were not applicable to Saddlehorn Ranch as the lot sizes are substantially smaller than those offered at Saddle Horn Ranch, and the home age is substantially older than those offered at Saddlehorn Ranch. The total estimated population of the project upon completion of development is 672.

C. Development Phasing and Absorption

Absorption is expected to take 4 years, beginning in 2020 and ending in 2024. This absorption is based on several factors. The first is from recommendations by local homebuilders who are interested in assisting on the buildout of this project. These builders have expressed that they already have buyers lined up to purchase finished product in Saddlehorn Ranch "as quickly as the homes can be built." The absorption is also based on the interest that the broker for this property has collected. The broker has collected over 20 LOI's from potential buyers who want to put a deposit down on a home. These were all collected over a year from when the development is scheduled to have homes on the ground. The last reason is based on the targeted price point that the homes in the development will be marketed for in relation to the other homes available on the market. Saddlehorn Ranch is going to be delivering a brand new product on a 2.5 acre lot that is move in ready for less than \$350,000 which no other community is offering in Falcon.
